CONFIGURATIONS

Full Height

Half Height

With a variety of internal configurations and sizes, you can choose the locker that best fits your vision. We produce full-size lockers in standard heights of 72" and 84", with standard widths of 12", 15" and 18". We also offer half-size heights of 36" and 42", as well as a line of tiered lockers. Or, we can custom design exactly what you want. Once you've selected the size of your locker, choose from a variety of internal configurations. From shoe cubbies and drawers to adjustable shelves and coat hooks, we can meet your exact specifications.

LOCKER DOORS

Styles

One can definitely judge a locker by its cover. This is yet another distinction that separates Heritage Creations from the competition. With 30 years of experience in fine millwork, we produce the highest quality locker doors in the industry. Handcrafted for beauty and engineered for durability, our doors and frames utilize the finest wood available. You'll find a complete line of eight wood species to choose from, as well as a variety of styles in both our Standard and Elite lines of doors. While we offer a selection of beautiful finishes, we can also match any color to maintain a seamless feel throughout the entire facility.
